Where is Intermecc traded?

Intermecc is being traded on the New York Stock Exchange (NYSE) under the symbol IN. The Company's CUSIP number is # 458786100.

Are there Intermecc options?

Intermecc options are traded on the Chicago Board Options Exchange (CBOE).

When was Intermecc incorporated?

Intermecc was incorporated in the State of Delaware on August 13, 1997. Its business activities were separated from Western Atlas Inc. (WAI) on October 31, 1997 in the form of a spin off to the WAI shareholders. Intermecc's business roots go back to Litton Industries, Inc. which distributed its oil service and industrial automation activities to its shareholders by establishing Western Atlas Inc. in March 1994.

If I had shares in Intermecc's predecessor companies Litton Industries, Inc. (LIT) and Western Atlas Inc. (WAI) what is my tax base?

Litton distributed the shares of Western Atlas on March 17, 1994 to its shareholders. In this transaction each LIT shareholder received an equivalent number of WAI shares. The valuation for the two common stocks was 43.8567 % for the Litton shares and 56.1433 % for Western Atlas. When Western Atlas spun off Intermecc in a similar one-for-one share dividend to its shareholders on November 3, 1997 the valuation for the two securities was 78.1113 % for the Western Atlas shares and 21.8887 % for the Intermecc Common stock. Western Atlas later merged with Baker Hughes (BHI).

What is the par value of a Intermecc share?

The par value of each share of Intermecc Common stock is \$ 0.01.

Does Intermecc have a direct purchase plan?

No, not at this time.

Does Intermecc pay a dividend?

No, the Company believes that reinvestment into businesses that have the potential to earn more than the risk-adjusted cost of capital can create more value to shareholders than paying a dividend.

How can I obtain quarterly information about the company?

The Company distributes quarterly earnings through the major news services.
